DETAILED ACTION

CLAIMS PRESENTED

Claims 1-, 5-7, 9-11, 13, 14, 16-18, 22-24, 26-28, 30-31 are presented.

Election/Restrictions

Newly submitted claims are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: they are directed to the use of a registry in which portions of the registry that are common to all of the application servers are stored in a single registry and portions of the registry that are specific to an application are stored in separate, individual registries, properly classified into class 709, subclass 203.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

The art made of record and not relied upon is considered pertinent to applicant's disclosure. The art disclosed general background.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 2134

In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
